Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause*, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skilful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects *in any condition of the system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Andrew Carnegie "At Home."

Mr. and Mrs. Andrew Carnegie were at home last evening to about 300 teamsters, bankers, hod hoisters, lawyers, stone cutters, capitalists, carpenters, clergymen, bricklayers, publicists labor leaders, and other artisans. It all came off at the magnificent Carnegie home, at Ninety-first street and Fifth avenue, New York, and its name was an "Industrial Peace Evening," under the auspices of the National Civic Federation.

The invitations bore the word "informal," with the result that most of the men present wore business suits or frock coats. A good many notable figures were there.

When the meeting was called in the Hall, Mr. Carnegie jumped upon a couch and called the guests to order. Archbishop Farley and Mgr. Lavelle had come in a few minutes before. Just beside the archbishop sat Seth Low, while Mr. Belmont perched himself upon the organ bench. A little to one side stood T. V. Powderly, the old labor leader. John Mitchell was not far away.

Mr. Carnegie first welcomed those present as his guests in the name of Mrs. Carnegie and himself. He said that he thought it peculiarly appropriate to have an industrial peace evening so soon before the great peace conference. Peace, like charity, should begin at home. He went on to urge the virtues and the necessity of arbitration in industrial matters as well as in international disputes.

Mr. Carnegie went on to say that the real cause of most strikes was not trouble about wages, but the failure of employers to give sufficient recognition to their men.

"There is no time more important than this for a gathering of this nature," began Mr. Belmont. "It is very easy to remain at peace during prosperous times, but sometimes times change. I do not desire to pose as a prophet or as an alarmist, but it is unquestioned that we should prepare ourselves through just such gatherings as this to understand and solve the problems with which we are likely at any time to be confronted."

Addresses were made by Archbishop Farley and others.

After the addresses the guests swarmed into the billiard room, where a buffet supper was served.

Love Letter in Husband's Papers.

A woman's letter, produced in the Supreme Court of New York Thursday by Mrs. Bertha K. Hillis, got her a decree of absolute divorce from Dr. Thomas J. Hillis.

Mrs. Hillis accused the doctor of infidelity. She alleged that she found a letter among the doctor's papers which she recognized as in the handwriting of Blanche McGinnis, a young woman typewriter, who was often closeted with her husband in his office, who he said was his amanuensis, and with whom he was collaborating in the production of a novel.

The letter was addressed to "My Own Dead Hubby," and said:

"Now 2 a. m., where are you, and what are you doing? Are you thinking of me, as I am thinking of you? I started to send you a New Year's message over the wire, but the shops were all closed. I do hope we can have a happy New Year. Things have gone so wrong and unpleasant between us that it makes me cross. I try hard not to be cross, but it is so hard to smile and look pleasant. I will promise not to be cross for the New Year. My dear Rex, how I wish you were near me, so that I could throw my arms around you and tell you how much I love you. Adieu."

Mrs. Hillis said that when she questioned her husband about this letter he threatened to kill her, and said the servant, Norah Reidy, would swear she committed suicide.

Dr. Hillis swore the letter was written by Miss McGinnis for use in the novel on which they were working, and Miss McGinnis gave similar testimony.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Suicide of Would-be Murderer.

Adam C. Rhein, fifty years of age, of Chicago, yesterday shot and fatally wounded his father-in law, William Rommel, and his mother-in-law, Mrs. Minnie Rommel, and then killed himself by firing a bullet into his brain. On Thursday Rhein and his wife quarreled and she left him, going to the home of her parents. It was reported to Rhein that she had commenced proceedings for a divorce, and he decided to kill his wife. He placed three revolvers in his pockets and went to the house in which the Rommels lived and kept a confectionary store. Mrs. Rhein saw him enter and ran out the back door. Rhein fired at her twice, but missed her. He then shot Rommel twice through the left lung, and shot Mrs. Rommel through the body, the ball striking her just below the heart. Rhein then killed himself. At the hospital to which Rommel and his wife were taken it was said that both would die.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Czar to Resign?

The London Mirror, which is owned by the proprietors of the Daily Mail, professes to have excellent authority for stating that the Czar will abdicate within a month, and that his brother, Grand Duke Michael, will be appointed regent during the minority of the Czarewitch. It adds that the Douma will be abolished, and a military dictatorship will be formed, with the object of stamping out revolution and ending the present trouble in Russia.

The paper further says the Czar's mind has lately completely given away, and that he has shown himself incapable of performing the smallest duties of his rank.

The Mirror says the Czar at times is unable to sign his name, and when ever any state matter is broached to him he trembles like a child. Something like a panic has reigned in the royal household. The Czarina is almost heartbroken at the pitiable plight of her husband. The certainty of his forced abdication, which has long been dawning upon him, had been hastened by the crush of circumstances and his own breakdown. Now, tired of it all, he is willing enough to sink into obscurity and yield the reins of office to a stronger man. Grand Duke Michael is grief-stricken at his brother's condition. He has shrunk from the responsibility of taking over the control of the great empire, but as the result of a series of family conclaves, in which the Dowager Czarina took a leading part, he has been convinced of the necessity of sacrificing himself.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette — SIC SEMPER TYRANNIS — AND VIRGINIA ADVERTISER

SATURDAY EVENING, APRIL 6, 1907.

THE CZAR OF RUSSIA should have the sympathy of well-disposed people throughout the civilized world, as he has since his accession to the throne had a thorny and dangerous path. The unhappy monarch has probably been compelled to pass through as many trying ordeals as any man who has ever been placed at the head of a nation. Doubtless meaning well, he has endeavored to follow in the footsteps of his fathers, but failing to understand the transitions of his day and generation and following the dictates of unwise counsellors, he has made mistakes, as have other mortals. Rehoboam of old waived off conservative advisers and followed the wild advice of youngsters and lost ten tribes of Israelites by his foolhardiness. Nicholas, probably not understood by many millions of his subjects, has caused outlaws to thirst for his blood, and, although one of the mightiest potentates of the earth, he has virtually been a prisoner in his palace, and at one time with a disastrous war on his hands. Dissentions at home, enemies aboard and assassins lurking in his capital city are now telling on the monarch, and, according to advices from St. Petersburg, his mental faculties are weakening under the strain, so much so that it is believed a successor will soon be necessary. Many people in this world thirst for power, but that those born to reign pay the penalty of greatness has been apparent from the dawn of history.

THE NEWS of the alleged $5,000,000 conspiracy to prevent President Roosevelt from securing control of the next national republican convention, which was given out at the White House on Thursday, has brought to light the determination on the part of many of the large railroads in the country to abandon contemplated improvements until after the presidential election and thus thousands upon thousands of persons may be thrown out of employment for the next year and a half. It is stated the cause of this contemplated step is the attitude of the various State legislatures toward the roads, the legislation which has been passed by the Congress with the approval of President Roosevelt, and what is said to be an adverse attitude of President Roosevelt toward the methods of various prominent railroad officials and financiers. Such a movement on the part of the railroad companies would be justly construed as coercion on their part, and a conflict between capital and legislation while thousands of idle men were tramping through the country would bring about conditions which might ripen into revolution. It is hoped no such perilous times are drawing near.

MR. WILLIAM JENNINGS BRYAN is reported as saying that if he had $1,000,000 he would assume the duties of President of the United States without salary. Mr. Bryan is also quoted as saying that if he had a million of dollars he would consider it unsafe to leave so much to his children, and that it is not wise to burden ones self with the care of so much money—more money than he needs and that he should give to worthy religious, educational or charitable institutions all except a sum sufficient to keep himself and family from want and to start his children in the world, and then donate to his country the talents he has used to accumulate his fortune. All such observations should be received with some salt, at least. Mr. Bryan is doubtless sincere in his expression, but had he a million dollars at his command his present opinions might be subject to revision. He is now said to have a capital of about one hundred thousand dollars, a colossal fortune compared to those of the great majority to whom he is constantly appealing. Were he a millionaire he would probably have as much of an eye to business as at present.

"BRAINSTORM" is now being urged by certain delinquents in various places in extenuation of their overt acts. A self constituted negro preacher was arrested in Washington yesterday for stealing, and when brought before a police justice he said in his defense that he was a victim of "brainstorm". A nineteen-year-old girl of Pulaski county who had been stopping at hotels with her uncle, the couple passing as man and wife, when brought before a magistrate said her uncle talked so much to her that she became a victim of Harry Thaw's alleged disease.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, April 6.

While the details of the "rich man's conspiracy" against President Roosevelt continue to develop from the White House and other sources, deepening mystery surrounds the exact whereabouts and time of the opening act. It is charged by one or two gentlemen who assert they were present that Senator Penrose first divulged the plot during a dinner "to a friend of the President," who happened to sit next him at the table. Yesterday Senator Penrose denied that he was in any way connected with the plot and denounced the story of the bribe offering as a falsehood. In spite of his denial the story was reiterated by those who told it in the first place, and later in the day the additional information was divulged that the dinner at which it all took place was given by Senator Jonathan Bourne, of Oregon, at the Shoreham Hotel "about the first of March or during the latter part of February," and that Secretary Loeb and Senator Hansbrough, of North Dakota, were among the guests. At the Shoreham the most diligent inquiry fails to fix the conspiracy date or even the approximate date of the famous dinner.

Senators Bourne and Hansbrough were callers at the White House today and were both very reticent about the now famous dinner, said to have been given by the former, during the progress of which the startling disclosures of the "rich man's conspiracy" against President Roosevelt were made. Neither would have anything to say.

The negotiations between the United States and Germany on the tariff question are progressing favorably and it was said today that a modus vivendi would be drawn up which would carry along the present temporary arrangements for another term until the question can be presented to the American Congress and the German Reichstag. A conference which may have an important bearing upon the re-establishment of peace in Central America was held at the State Department today. There were present Assistant Secretary of State Bacon, Ambassador Creel, of Mexico; Senor Calvo, of Costa Rica, and the new Ministers Toledo of Guatemala and Mejia, of Salvador and Honduras. This includes all of the countries of Central America, with the exception of Nicaraguan. Mexico and the United States have been exercising their good officers to bring these countries together, and the conference today may lead to united action for peace.

After the conference of Central American diplomats at the State Department this afternoon, one of the participants announced that the meeting had been called for the purpose of endeavoring to arrange some just and equitable settlement of the present difficulties among those States. He stated that a tentative greement had been reached, and expressed the hope that it would work out satisfactorily. Nicaragua was not represented at the conference.

As a result of the Harriman inquiry which has engaged the attention of the Interstate Commerce Commission for the last three months, arguments in the case being conducted yesterday, this is the probable outcome: Prosecution of E. H. Harriman for alleged violation of the Sherman anti trust law by purchasing, as President of the Union Pacific, of the stock of the Southern Pacific, thereby restraining trade on parallel and competing lines. Prosecution of Harriman for the alleged violation of the same act by entering into contracts with the San Pedro Railroad, built by ex-Senator Clark, of Montana, from Salt Lake City to Los Angeles, whereby competition is eliminated between the Clark line and the Harriman lines. Request by the commission for Congress to pass a law prohibiting railroad companies engaged in interestate commerce from speculating in stocks. Request by the commission for Congress to pass a law regulating the issuance of stocks and bonds by carriers of interstate commerce. Request by the commission for Congress to pass more stringent laws regarding the systems of bookkeeping employed by the railroads. Investigation of the combination of railroads forming the Pennsylvania system, the Vanderbilt lines, the Rock Island, and the Hill lines. As to the investigation of other railroad systems, this was insisted upon by the representatives of Harriman, who said that it was as plain as the nose on the face that other parallel competing lines beside those in which Harriman is interested, had combined. It is believed that the commission will grant this demand of the Harriman men for a square deal and like treatment for all.

TORNADO IN THE SOUTH.

As stated in the Gazette of that day a score of persons were killed yesterday by a tornado which swept 300 miles across portions of Louisiana, Mississippi and Alabama. Parts of four towns were devastated with damage exceeding $500,000. The wind damaged property, crops and telegraph wires throughout its course. The tornado began at Alexandria, La., soon after 1 o'clock yesterday morning killing four persons there, probably fatally injuring three and seriously injuring 13 others. When the tornado struck the electric lights went out, the cracking of falling buildings could be heard above the noise of the wind and vivid lightning flashes showed such sights as an empty passenger train rolling over and over.

Soon after daylight the storm neared the Mississippi river, killing five persons at Jackson, La., while at Bayou Sara, La., at least half a dozen others are reported killed and a steamer was wrecked. There was one fatal injury at Jackson. The tornado next appeared at Carson, Miss., where great property damage was done. Railway depot, church, schoolhouse and other buildings are down. The storm disappeared about noon near Selma, Ala., where the inhabitants saw whirling clouds rise into the air as they crossed the river. A negro was reported killed near Selma.

Railroads Get a Jolt.

The Southern and the Atlantic Coast Line railroads have been given a jolt by the State Corporation Commission. The wood dealers of Richmond have been complaining for sometime about the discrimination of the Southern and the Atlantic Coast Line against the Tidewater and Western by failure to receive consignments of wood for local dealers. The Southern crosses the Tidewater and Western at Moseley, and the Coast Line crosses the Tidewater and Western at Chester.

The commission says that the Southern must furnish the Tidewater not less than 150 cars a month, and that it shall handle Tidewater and Western freight promptly. The commission says, too, that the Coast Line must furnish the Tidewater and Western with 200 cars each month, and that it must received and promptly forward all cars from the Tidewater and Western.

Mount Holly, N. J., April 6.—Annie Hilles, aged 45, widow, of John Hilles, living at Medford, committed suicide late last night by tying a long stocking about her neck, making it fast to a bed post, and sitting down, she strangled to death. The body was found hanging there today. She had arranged to make her will today. The act is attributed to a disordered brain. She leaves two sons.

Mrs. Annie M. Bradley, who shot and fatally wounded former United States Senator Arthur Brown in his room in the Raleigh Hotel, Washington, will probably not be tried on the indictment for murder until next fall. One hundred and forty men, including bricklayers, carpenters, fire-proofers, stonecutters, steamfitters, ironworkers, hoisting engineers and hodcarriers, who were at work at the municipal building, Washington, went on a strike yesterday. Hill, who is charged with selling the notes of a letter which Mr. Harriman wrote to Sidney Webster, was arranged in the Tombs police court before Magistrate Wable, in New York, yesterday, charged with misdemeanor in wilfully and without authority taking a letter of another or a copy of the same and publishing it. Hill was released on $1,000 bail for examination Monday morning.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Today's Telegraphic News

The Thaw Case.

New York, April 6.—In the sombre old corridor of the Tombs where they have had so many talks since last June, Harry K. Thaw and his wife, Evelyn Nesbit Thaw, today planned what they will do after next week, "when Harry will be free."

No one doubts Justice Fitzgerald will confirm the lunacy report. Jerome will, therefore, be called on to plead with the jury to sentence to death a man he declared he had no right to be trying. He must urge that the man whose sanity he has just challenged was sane when he killed White on June 25, last.

With the testimony of the State's experts out of the way the Thaw lawyers are confident the jurors will find there was ample evidence that Evelyn Nesbit Thaw's story was sufficient to upset the reason of a man of Thaw's nervous temperament.

Jerome is expected to offer a formal argument against confirming the lunacy report on Monday, but Justice Fitzgerald is counted on to overrule him. Then two or three witnesses may be put on by the defense to round out the case in rebuttal. Dr. Hamilton, the alienist, whose testimony precipitated the insanity inquiry, may be called. He believes that Thaw was insane when he killed White. As the question of defendant's insanity has been settled, Thaw's lawyers will like to get his testimony into the record. Then will come the summing up speeches. Delmas may use part of Monday and Tuesday, and Jerome is expected to talk on Wednesday. In this event, the case should go to the jury Wednesday night or Thursday morning.

The War in Central America.

Salvador, April 6.—A renewal of active hostilities between Nicaragua, Honduras, and Salvador is expected shortly. President Bonilla, of Honduras, has reorganized his troops which were scattered after the fight at Namasique, and it is reported a junction has been effected with an army of President Figueroa, of Salvador, on the frontier.

General Medale, a Honduran commander, has joined the camp and as soon as the combined armies are trained in the manoeuvers the war will be resumed. All the Honduras coast except the towns of Truxillo, Amalapa and Puerto Cortez are again in control of Honduras. President Bonilla is expected to establish a new capital at Comayague and renew the warfare upon President Zelaya with increased vigor. The allied armies number several thousand men and it is believed have a fair chance of defeating the hitherto victorious Nicaraguans.

Experience on Burning Steamer.

New York, April 6.—Passengers and twenty-five members of the crew of the steamer City of Troy which burned to the water's edge in the Hudson last night, arrived in New York from Dobbs Ferry early today, and told how their lives had been saved by the bravery of Captain Charles H. Bruder, in command of the vessel. That every person on board did not met death seemed a miracle. For eight miles the City of Troy, her decks ablaze, smoke pouring from the hold and flames crackling about the heads of the passengers, ran up the river seeking a dock that would offer shelter. All this was while Captain Bruder stood at the wheel. About the passengers stood a cordon of deck hands and when a man or a woman would make a break for the side of the vessel with the intention of springing into the water, he or she would be driven back. Then cool-headed passengers were calming the frightened ones.

Charged with Embezzlement.

Dayton, O., April 6.—The grand jury has returned an indictment charging embezzlement against George H. Smart, former secretary of the Dayton Gas, Light and Coke Company, on ten counts. The discovery involving Smart was made some time ago. Smart, who was the virtual manager of the company, was asked to resign. It was claimed that the greater part of the alleged shortage has been used to secure municipal legislation favorable to the welfare of the company. The report of an expert accountant showed that various sums erroneously charged had been taken from the Treasury from March 1, 1902, to Sept. 6, 1905. The total amount is said to be approximately $189,000. Smart is not now in Dayton. One report says he is in Florida, another in Mexico.

After the Eastern Roads.

Chicago, April 6.—Following their success with the western roads, the trainmen and conductors are now considering the question of dealing with the eastern roads in the same manner. A combination has been formed between the two organizations for the purpose of acting jointly in a move to increase wages on a number of eastern railroads. Some of the eastern roads recently advanced wages ten per cent but the employes are planning to bring them all nearer a level.

Two Men Burned to Death.

Lynn, Mass., April 6.—Two men were burned to death and several persons had narrow escapes in a fire which early today consumed a spice mill on the Saugus river at Saugus, used by S. W. Gold and Brother, of Malden, and several frame dwellings grouped around it. As soon as the ruins cooled firemen entered the building and found the charred bodies of the unfortune men.

Poisoned by Fruit Cake.

Chicago, April 6.—A Bohemian fruit cake is believed to have caused the death of Mrs. Mary Metts, and five others of her family were also made violently ill after eating of the same cake. Physicians who attended the family described the symptons as those which might result from arsenic poisoning. The police have begun an investigation.

Libel Suit.

New York, April 6.—W. R. Hearst has entered suit against Adolph Ochs and the New York Times Newspaper Co. for $500,000 damages in printing and reiterating a malicious libel which stated that Hearst, with Harriman and Rockefeller, had joined hands in a conspiracy to ruin the President.

Miraculous Escape of Steamer.

New York, April 6.—A tale of miraculous escape from shipwreck when completely surrounded by six waterspouts which threatened to engulf her, was brought today by the Atlas liner Virginia which got into port, with her crew exhausted from the battle with the elements and seven of the sailors laid up for repairs. Off Hatteras on Tuesday, the Virginia ran into the storm which lasted sixty hours. Six waterspouts hung about the vessel for hours and the clouds hung low. A tremendous sea came aboard and galleys and cabin were flooded four feet deep. Members of the crew were thrown about. On Wednesday another wave came aboard, but did not do so much damage. Captain Geich managed to keep the ship away from the waterspouts, but it was a hard fight. The storm, he says, was the worst he ever encountered

Charges by Strikebreakers.

Lorain, O., April 6—Men are brought in to break the shipyard strike under misrepresentation and prevented by armed guards from leaving, according to nine workmen who escaped from the yard last night. Fifty men were recruited at Louisville, and Pittsburg. According to one who escaped, when the men learned they were to break a strike, they desired to leave, but detectives refused to allow them to pass out. As soon as night fell nine of them, he says, crawled up the embankment to the tracks. As they neared the top the guards below opened fire, but none was hit. The men declared they were promised 50 cents an hour and told there was no strike. Rioting has not been resumed and an effort is being made today to secure arbitration of the trouble. Troops are still on guard.

Will Call on the President.

Philadelphia, April 6.—"The best proof of the cordial relations existing between the President and myself," said Senator Penrose, today referring to the report of his connection with the "rich men's combination" to defeat Roosevelt's plans, "is that within the next ten days I shall call on President Roosevelt at the White House by appointment and as I then make it my especial purpose to tell him that I know nothing whatever about any kind of plot against the President's administration. I know that Mr. Roosevelt will believe me. Why, as for that dinner at the Shoreham, where all this talk is supposed to have originated I was not even present."

Ten Workmen Killed by Strikers.

Warsaw, Poland, April 6.—Ten workmen who tried to return to work in the factories at Lodz where a strike is in progress were killed today by strikers and serious troubles are anticipated. The socialist organization is conducting a campaign to prevent the men from going back to work and threats have been made that any man who disobeys the injunction that the factories cannot run, will meet with a fate similar to today's victims. Managers of the factories are determined to open their plants and have asked for military protection for the workmen. It is feared there will be a clash if troops are sent to guard the plants.

Burning of a Sanitarium.

Williamantic, Conn.,—April 6.—A lively fight with some of the insane patients some of whom narrowly escaped being burned occurred early today when the Grand View Sanitarium, a resort of alcoholic and demented persons, was burned to the ground. Laura Backus, 65, is missing, and it is supposed was burned to death. When the fire was discovered the attendants set to work to remove the patients of the place. Lively fights occurred with the demented patients, nearly all of whom wanted to get clothing and belongings. Some of them were forcibly carried from the burning building. The sanitarium and its contents are a total loss.

American Meat Condemned.

Geneva, Switzerland, April 6.—Another great set-back to the business of American packers in Switzerland has been given by the federal commissary department which has just condemned 100,000 tins of pressed meat sent here from Chicago. The blow to the packers is all the more severe because the order which has just been condemned was the first placed in the United States during the present year. The government suspended all orders in 1906 following the disclosures of conditions in the packing houses, and it is estimated the American packers lost fully $1,000,000 in Switzerland through the action.

Water Two Dollars a Barrel.

Sault Ste Marie, Mich., April 6—Water today is selling on the streets at $2 a barrel owing to the famine created by the bursting of city water mains. The city has the hired teams and is distributing water free for domestic use but is unable to supply the demands. One of the worst features is the lack of sewerage facilities. The Board of Health has issued a warning to the public to boil all water. Thousands of gallons have been taken from the power canal, but it is all contaminated say the authorities, and unless boiled sickness will follow.

Street Car Struck by a Train.

Charlotte, N. C., April 6.—One man was killed and four seriously injured today when a Seaboard passenger train ran down a street car on a crossing. Lee Martin, conductor of the car, was so seriously hurt in the crash that he died at a hospital. Wiley Howard, of Durham, N. C., is fatally wounded. Three other passengers may die.

Overruled.

New York, April 6.—Justice of the Supreme Court O'Gorman in special term has overruled the demurrar interposed on behalf of Mayor McClellan against the institution of quo warren to proceedings by the State Attorney General Wm. S. Jackson, to test the right of McClellen to the office.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

A Fireman's Terrible Fate.

Norristown, Pa., April 6.—His foot being gripped in the frog of a switch, Firemen Charles Fisher, of Palo Alto, was run down by a shifting engine at Bridgeport yesterday and horribly mangled. When his death cries and the lifting of the locomotive informed the engineer that something was wrong the engine was stopped and Fisher was found, rolled up like a ball, beneath. So firmly was he wedged that it was necessary to raise the ponderous machine and partially take it apart in order to recover his body. When the body was gotten out after more than an hour's work it was found that his neck was broken, as was a leg at the ankle, where it had been caught in the frog, while the other leg was twisted up his back.

Killed in Worsted Mill.

Philadelphia, April 6—Whirled around a shaft with frightful velocity, Frank Butcher, of Manayunk, who was employed in Collins & Aikman's plush and worsted mills, on Nixon street, was instantly killed yesterday afternoon, when every bone in his body was broken and his brains were knocked out against a joist in the ceiling. He was cleaning up, preparatory to ending his day's labor, when the sleeve of his coat caught in the belting. In a moment he was pulled up to the shafting and whirled around in a space of less than 20 inches, his legs and head striking the joist and ceiling at every turn. The mangled remains were cut down after the machinery had been stopped and were taken home by the police patrol.

Demand on the President

New York, April 6.—The recently organized so-called "Moyer-Haywood protest conference" and in whose ranks are numbered many prominent labor leaders of this city, its Chairman Homer Grimmins today sent a letter to President Roosevelt, demanding that he make amends for his alleged strictures on Messrs. Moyer and Haywood in jail in Idaho, charged with the planning the murder of Governor Steunenberg, of Idaho.

Spinal Meningitis at Harvard.

Boston, April 6.— read of an epidemic of spinal meningitis at Harvard was increased today by the news that Joseph Locke, a chum of Edward Rawson, of Cincinnati, whose dead body was sent home in a metallic coffin, is down with the same terrible disease. The infirmary physicians say that there are no cases of the disease there now, but the athletes who wrestled daily with Rawson and Locke are worried.

The Czar's Condition.

London, April 6.—Governmental and diplomatic circles today manifested interest in the dispatch from St. Petersburg that Czar Nicholas will abdicate. That the Czar's health has been far from satisfactory for some time has been known to many officials of the inner rank here. They are inclined therefore to give some weight to the dispatch.

New York Stock Market.

New York, April 6.—The stock market was active, with a good demand all around the room, in which outside buying was the most prominent factor. There was much realizing of profits from the opening that held prices in check in many cases, but the demand was large enough to absorb all the supply and force many gains in the most important issues.

New York, April 6.—The recessions which occurred in the last half hour extended from fractions to 2¼ per cent. The market was irregular, with net losses predominating.

THE METHODISTS.

Yesterday was the third day's session of the Maryland Conference of the Methodist Protestant Church now being held in Washington.

The first business taken up was the reading of the annual report of the Washington and Alexandria branch of the Woman's Foreign Missionary Society and the report showed the finances of the organization to be in good condition.

The annual report of the Western Maryland College at Westminster was made by its president, Rev. Dr. Lewis. There are 245 students, 12 in excess of the number enrolled the preceding session.

Rev. D. J. Kinzer, president of the board of governors of the Westminster Theological Seminary, made the annual report for that institution. He stated that 33 students are in attendance and that the present year had been a successful one.

The election of trustees of the conference resulted as follows: Rev. F. T. Little, Rev. S. J. Smith, Rev. J. H. Roberts and Rev. C. A. Benjamin.

It was announced that the following would be ordained for the ministry Sunday; Messrs. N. C. Clough, C. M. Elderdice, W. P. Roberts, L. B. Smith, and L. Bunce and J. T. Bailey.

Bishop McDowell had a busy day at Cumberland, Md., yesterday. He presided over the executive session of the M. E. conference in the morning and in the afternoon he attended the meeting of the laymen, delivering a short address, and then he conducted the consecration ceremony of the deaconesses. Besides, he held a cabinet meeting and his usual reception.

The entire session of the conference was secret. The characters of candidates for the ministry were passed upon and the results of the examination made known.

The following were admitted on trial: Albert E. Ogg, Harry G. Spencer, Wilson T. Jarboe, Benjamin I. McGowan, C. Leroy White, Louis C. Carroll and William Fletcher Casey.

The following will be ordained on Sunday to be traveling deacons: Edwin P. Fellenbaum, James A. Haugh, Walter G. McKenney, Daniel L. Ennis; local deacons, Charles W. Lanham, John A. Shockey and Albert E. Ogg.

The consecration of deaconesses took place at the anniversary of the Woman's Foreign Missionary Society in the afternoon.

The laymen took up the resolution sent down by the conference calling for increased pay for a number of pastors, a matter which has been uppermost in the present conference. The resolution was favorably reported and adopted without dissent.

A resolution was adopted that conference collections to be used exclusively for the benefit of the veterans of the church and their widows and orphans, and that the funds of the Preachers' Aid Society should be augmented to the sum.

A resolution was adopted to secure an agreement on the part of the Baltimore conference and the conferences of the Methodist Episcopal Church South and the Methodist Protestant Church to withdraw stations from localities where one is weak and one or both of the others are strong, to the end that all of Methodistic affiliations may concentrate instead of uselessly expending the same in the effort to maintain a feeble independence.

The association considered favorably a resolution to fix a time limit.

The following officers were elected:

President—Walter Mirwan, West Baltimore.

Vice-Presidents—J. S. Rawlings, Baltimore; J. T. Stone, East Baltimore; C. W. Reinhold, Frederick district, Amos J. Naylor, Washington, and Dr. John Neal, West Baltimore.

Secretary—Thomas G. Duford, West Baltimore.

Corresponding Secretary—E. Don Hoffman, Baltimore.

Treasurer—Dr. Herbert F. Gordas, Baltimore.

Executive Committee—G. Lane Taneyhill, Baltimore; W. G. Conn, East Baltimore; S. L. Lamkin, Frederick; G. W. F. Swartzell, Washington, and G. B. Timanus, West Baltimore.

Negro Sues for Damages.

Franklin, Pa., April. 6—The unusual case of a negro suing the leaders of a posse that hunted down and arrested him for an alleged assault upon a white girl was presented here yesterday. John Harding, colored, aged 23 years, entered suits against T. J. Dempsey, detective, and E. S. Bleakley, police officer, claiming $5,000 for false arrest. Last September the two officers, after an all-night chase with bloodhounds, arrested him, accusing him of assaulting a white woman near the home of General Charles Miller, and locked him up for three hours. He was never arraigned on the charge. Harding states that he is a law abiding citizen, and was not guilty of committing the assault.

The Wright Case.

All efforts in behalf of Joseph Thomas, alias John Wright, colored, sentenced to be hanged for a criminal assault on Miss Mabel Risley, now Mrs. Forrest Gooding, of Washington, which occurred near Lyons Park, Alexandria county, September 9, 1906, have up to the present failed, and unless Governor Swanson intervenes Wright will be hanged. A date for the execution will be set at the April term of the county court, which meets April 15, with Judge Barley presiding.

The county officials are ready for the execution, as the scaffold which was erected last December has never been removed. Attorney Basil Boteler on behalf of the defense says he has endeavored to get the members who composed the trial jury that convicted the accused to sign a petition asking that Wright's sentence be commuted to life imprisonment. Mr. Boteler says that after seeing all the members who composed the jury he only succeeded in getting the signatures of two, and since that time has made no further effort.

Wright still maintains that he is innocent of the crime. He told one of the jail officials Thursday that he would prefer to have his sentence commuted to life imprisonment. According to the officials, the condemned man has hopes of being saved from the gallows.

Mr. James E. Clements, the attorney, who since Wright was convicted has made such an earnest fight, single-handed, to save his client's life, says that since the verdict, he alone has had entire charge of the case, and he did not nor did his client authorize Mr. Basil Boteler to petition the jury to sign for commutation of sentence. The time was most improper and inopportune, as the application for a rehearing was then before the Appellate Court at Richmond, and some outside influence hostile to the prisoner seems to have inspirred the premature effort.

Mr. Clements stated that it is untrue that counsel has abandoned all efforts in behalf of Wright.

Mr. Clements is convinced that the crime itself was not proved and the identification of the prisoner by Mabel Risley as her assailant was a total failure, she having selected an entirely different man, and the permission of the introduction of the illegal testimony of Annie Green, was a travesty upon justice, and that if the prisoner could be hang d in the face of the two powerful dissenting opinions of Court of Appeals judges it would be nothing short of judicial murder.

Charge Dismissed.

The only case before the Police Court this morning was that of a young man named Alexander Brown, who had been arrested by Officers Henderson and Jones at the instance of Robert Arnold, who charged him with stealing his horse and wagon from the stable on north St. Asaph street. The investigation of the case showed that there was no intention on the part of Brown to steal the vehicle or horse; that he had taken them from the stable about 4 o'clock this morning and returned them at 7. Besides it was shown that the owner had allowed him to use the horse and wagon on other occasions. When Brown was asked what use he had for the team between 4 and 7 o'clock on a cold and threatening morning, he replied that he took a ride into the country for pleasure. Arnold was in no way disposed to prosecute the accused, and he was dismissed.

Later in the day Officers Henderson and Nicholson rearrested Brown and a man named James Crook on suspicion of stealing chickens.

The Market.

There was a moderate supply of country produce in market this morning, but apparently sufficient for the demand. Butter was selling from 28 to 35 cents a pound, and eggs from 18 to 20 cents a dozen. There was a fair display of green stuff on the benches of the country people.

The northwest winds which set in yesterday brought decidedly colder weather last night, with light rains, and spits of snow at 2:30 this morning. The mercury at 7 o'clock was down to 36°.

Deaths.

Mrs. Nannie S. Meade died last night at the Alexandria Hospital after a long illness. She was the widow of Captain David Meade, of "Benvenue," White Post, Clarke county, who died last June, and the second daughter of the late Edgar and Louisa Snowden, of this city. Mrs Meade was stricken with apoplexy last December and in February was brought to the Alexandria Hospital for treatment and that she might be near her relatives. Her remains will be taken back to Clarke county tomorrow and interred in the family lot in the cemetery surrounding Meade Memorial Church.

A telegram received here today announces the death in Atlanta, Ga., of Clinton Brockett, only son of Dr. C. T. Brockett and grandson of Prof R. L. Brockett.

Mrs. Emma Hayne died at her home, No. 910 Pendleton street, yesterday. The deceased was a native of England, and was 90 years old.

German.

The Alexandria German Club gave their last dance of the season at McBurney's Hall last night which was very largely attended, a number of out-of town guests being present. The dance was led by Mr. Harry Beverley with Miss Lucy Douglas. The chaperons were: Mrs. George Uhler, Mrs. George A. Mushbach, Mrs. M. C. C. Peyton, Mrs. J. Sidney Douglas, Mrs. Falconer, Mrs. Henry F. Robertson and Mrs. Carroll W. Ashby. Among the out-of-town guests were Miss Hodge and Miss Bache, of Philadelphia; Miss Miller, Misses Patterson and Miss Lacy, of Baltimore; Mr. and Mr. J. F. Casey, Miss Harvey, Misses Gatewood, Misses Lippitt, Miss Mason, Mr. Cheyney, Mr. Addison and Mr. Wedderburn, of Washington. The music was by Schroeder's orchestra, of Washington. During the intermission lunch was served.

The Ladies' German will give a return dance to the Alexandria German Club on Friday, 26th inst.

The Congressional Campaign.

Mr. C. C. Carlin, one of the candidates for Congress from this district, will speak at Potter's Hill, Fairfax county, tonight. In the course of his speech he will call attention to a discrimination against the farmers of the Eighth district of Virginia by the authorities at Washington. He will charge that the truck farmers are not being fairly treated in the assignment of space at the Center Market, where preference, he claims, is being given to Maryland farmers. Furthermore, it is said he will charge that dairymen of his district are unduly restricted in the imposition of needless and useless regulations

Mr. Carlin hereafter during the campaign will make his own arrangements for public speaking throughout the district without regard to the meetings in the interest of the other candidates.

Accidents to Cars.

A box car was derailed and thrown from its tracks at the east end of the Wilkes street tunnel last night. The car was replaced upon the track this morning.

Two gondola freight cars jumped the track while being shifted at Maryland avenue and Seventh street southwest Washington yesterday afternoon, and passenger traffic on the Southern and Chesapeake and Ohio Railways was tied up for three hours. Five outgoing trains including the fast Chesapeake and Ohio express for the South, were sent out from twenty minutes to two hours and a half late. Several incoming trains were also held up on the south side of the derailed cars.

Public School Exhibits.

The exhibit of work for the Jamestown Exposition at Lee School on Thursday last comprised work from every room in the building; the primary, the intermediate and grammar grades alike striving to make the exhibit a credit to Alexandria and Alexandria's schools. To this the Principal was most ably assisted by her co-workers and it was only by the united efforts of all the teachers in Lee School that the success was possible. Public school exhibits were inspected today by many Alexandrians, all of whom are proud of the skill and taste which have been displayed in their preparation. They have been on exhibition at Mr. Wm. B. Murray's tailoring establishment on King street.

Wedding.

Miss Cornelia Hamilton Janney, daughter of Dr. and Mrs. Charles H. Janney, was married at noon today to Mr. Philip Marion Knox, at her father's home, 1812 G street, northwest Washington. The ceremony was performed by Rev. George Somerville, of Falls Church. The bride was gowned in a traveling dress of dark blue cloth, straw colored hat with blue plumes. Mr. R. F. Knox, jr., brother of the groom, was best man. A wedding breakfast followed the ceremony. Mr. and Mrs. Knox left on a trip north. On their return they will live at 504 Duke street. A number of Alexandrians attended the wedding.

St. Mary's Church Notes.

Tomorrow morning at the 7 o'clock mass the members of the men's organization of St. Mary's Church will make their Easter communion. They will assemble at the Lyceum Hall at 6:45 and march to the church. At the 7:30 o'clock vesper service the sermon will be preached by Rev. Father Sullivan, the eloquent Paulist from Washington. Father Sullivan is well known in this city. His many friends both Catholics and non-Catholics will be glad to hear him.

New Uniforms.

The new uniforms for the Alexandria police force wil be ready by the first of May. They are being made by the Cincinnati firm which furnished the regulation uniforms for the Washington police force. The policemen will be expected to appear in their new apparel on the first of June.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

SATURDAY EVENING, APRIL 6, 1907.

Steamer Burned.

The steamer City of Troy, of the Citizens' Line, was burned to the water's edge at Dobbs Ferry, N. Y., last night. All the passengers, of whom there were sixty-five, were landed safely. The steamer was completly destroyed, with its cargo of freight and thirteen horses.

The City of Troy left New York at 6 o'clock last night bound up the Hudson river for Albany and Troy. The fire was discovered at about 8 o'clock, when the boat was about eight miles below Dobbs Ferry. It broke out in the hold amidships and rapidly gained headway.

The crew fought the flames for some time before it was seen they could not control them, and then the captain turned his boat for Dobbs Ferry. When she tied up at the Gould dock the fire had gained such headway that little attempt was made to extinguish it, and every effort was bent toward landing the passengers successfully. When it was thought that every one had been landed, it was discovered that a woman passenger was asleep in her berth, and two Dobbs Ferry firemen rushed into the burning steamer and carried the woman ashore.

An effort was made to rescue a number of horses on board, but the flames had gained such headway that it was found impossible to reach them.

There was no panic aboard. All hands were ready to leave as quickly and quietly as might be. It took but a few minutes to get the passengers ashore. The fire broke out on the decks just as the last of the passengers went ashore.

Every lady should have a copy of the Argo Red Salmon Cook Book. It tells you thirty-nine different ways of preparing Salmon. Ask your grocer for it.

Deposed from the Priesthood.

It was learned last night in Boston that Rev. Gustavus Tuckerman, of that city, and formerly of New York and St. Louis, had been formally deposed from the priesthood of the Episcopal Church by the Rt. Rev. Dr. David H. Greer, Bishop Coadjutor of New York, with which diocese the Rev. Mr. Tuckerman has been canonically connected. Mr. Tuckerman's connections with the church were severed because he could no longer accept the teaching of that communion regarding the doctrine of the Holy Trinity and the virgin birth, and he is now a minister of the Unitarian denomination.

Sentence of deposition was pronounced last Tuesday in New York by Bishop Greer.

"Mr. Tuckerman was deposed as a minister of the Episcopal Church at his own request," said Bishop Greer in New York last night. "There is no way for a man to resign from the church except by active deposition by the bishop, and it was at Mr. Tuckerman's own solicitation that I pronounced him deposed last Tuesday. There is nothing whatever in his moral character that can be criticized. He is a man of high character and mind. I simply complied with his desire."

Niece Causes Uncle's Arrest.

A. J. Roop, a farmer of Pulaski, was sent on to the grand jury in the police court in Richmond, yesterday, on a serious charge preferred against him by his niece, Miss Kate Witt. Roop is a married man. He persuaded the girl to go with him to the Jamestown Exposition. They went to Roanoke and registered as man and wife and from there went to Lynchburg, where they were arrested.

Roop escaped from the officers at Radford when they were returning and was caught in Lynchburg yesterday and brought to Roanoke. The man and girl are well known in Pulaski county near Dublin.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too, and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Dead Man at Wheel.

With the spoke of the pilot wheel clutched in a death grip and a hand extended toward the bell rope, George W. Conant was found lying dead in the pilot-house of the steamer Lorena, near East Liverpool, O., at an early hour yesterday. Without a guiding hand the big boat, filled with passengers, who were peacefully sleeping, wandered hither and thither through the dense fog and was running at high speed into a rock-studded pool when Capt. John R. Richardson stopped the craft from running to destruction.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.
